

# Impact of a Phone's Price Range on Its Lifespan and Carbon Footprint

Mark Ilovar, Nina Bobnič

Mentor: Aneta Kartali

Subject: Sustainable Computing

Faculty of Computer and Information Science

University of Ljubljana

October 2025

Proposed work (to be added).

## 1 Realated Work

## 2 Methodology

## 3 Milestones

The proposed timeline for the project is as follows:

- **17.10.2025** – Submission of project proposal
- **05.11.2025** – Completion of literature review and lifecycle framework
- **26.11.2025** – Data collection and preliminary carbon footprint calculation
- **19.12.2025** – Draft of recommendations and rebound effect analysis
- **12.01.2026** – Submission of final project report

## 4 Evaluation Plan

## 5 Resoureces

Testing citing a new reference. [1]
